

## Changing from train to bus at Naturno Train Station

Version as of: February 2, 2015

In Naturno, it is possible to exit the station on either side. It is best to exit on the side of the old trackman's house (when traveling toward Malles: on the left; when traveling toward Merano: on the right).

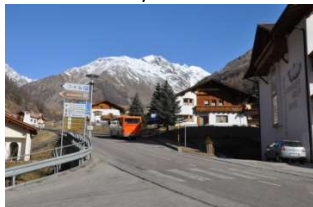

Continuing path with the trackman's house on the right. Between the bicycle racks and the automobile parking, there are stairs or a ramp downward to Via dell'Argine street. That is the location of the bus stop for bus line 261. Your bus will show "Val Senales" as the destination. One minute by foot.

In Madonna di Senales your nearest stop is "Madonna Oberdorf" on the main road. Cross the street here and follow the signs to us. Three minutes by foot.

Naturno Railway Station

Your bus for the return to Naturno will stop as well here, at the bus stop on the opposite side of the street. It will show "Stava" or "Merano" as the destination.

Bus stop "Madonna Oberdorf"
